PURE WINES AND LIQUORS.

We are permitted to publish the following notices and recommendations of the articles we offer,—which, in all cases will be warranted to give satisfaction.

Druggists: No. 71 & 12 Marshall St., Boston.

Berlin, Vt., Aug. 20, 1861.

Gentlemen: I purchased, as you requested, a bottle of your "OLD LONDON DRY" gin, as sold in the stores of this city, and have made chemical analysis of this sample. It contains 42 per cent. of absolute alcohol, with odor and flavor of Juniper berries only.

On evaporation to entire dryness, this is found to contain 1 1/2 ounces of saccharine matter per gallon, and this residual matter contained nothing else.

There is no adulterating ingredients or injurious matter of any kind in this Gin, and it contains the intrinsic merits of a pure article.

Respectfully, your obedient servant,

CHAS. T. JACKSON, M. D.,
State Assayer.

Boston, July 20th, 1860.

Messrs. A. M. BININGER & Co., 10 Broadway, N. Y.

Gentlemen:—We have repeatedly heard our customers express a good opinion of your popular bottles of liquors, and can say that we have rarely met with any for which a steady demand has so rapidly sprung up, as they are now standard goods with druggists throughout the east.

Yours truly,
GEO. C. GOODWIN & Co.,
Druggists: No. 71 & 12 Marshall St., Boston.

In my opinion, the Liquors sold by A. M. BININGER & Co., No. 10, Broadway Street, New York, are unsurpassed in purity and reliability. I have no hesitation in recommending them in all cases where alcoholic stimulants are required.

From P. D. O'Neil, Drug Reporter, N. Y.

A FINE ARTICLE.—BININGER'S OLD LONDON DRY GIN.—This Gin I find to be superior to any other bottle of gin in the market, and am rapidly introducing it in my trade.

P. D. O'NEIL.

Middlebury, Vt., March 24, 1861.

Gentlemen:—I have had occasion in my practice, to use your "What Not," and have discovered that it would cure Rheumatism, even if it had assumed a chronic form.

If the Intelligence is worth anything to you, I am sure it will be worth more to the public, for no family should be without it, especially in winter weather.

NATHANIEL HARRIS, M. D.

The House of A. M. BININGER & Co., 10 Broadway Street, New York, have furnished me with a large quantity of the Liquors and Wines sold by the Town Agents in this County for the past year, and the Liquors and Wines so furnished have been pure and unadulterated and have given great satisfaction. In accordance with the law in relation thereto, I would recommend said House to all who desire a pure article for medicinal, mechanical, or chemical purposes.

HORATIO NEEDHAM,
Commissioner for Madison Co., Vt.
April 24, 1861.

From the Home Journal.

It is worthy of remark, that this venerable House has made a specialty of supplying the wants of Druggists, Physicians, and Town Agents with their pure and wholesome liquors, and the fact that their list of customers embraces over four thousand Druggists, is conclusive evidence of their popularity with that respectable class of traders.

If this popular House was of recent date, and it was deemed expedient to extend its reputation by any display of public recommendation, it would be no difficult task to arrange in the most imposing form, thousands of endorsements as to the excellence and variety of their merchandise.

From the point of its first existence, more than eighty years ago, down to the present day, this establishment has maintained its well-earned reputation, the integrity of its financial obligations remain yet untarnished, and the fidelity and promptness with which its numerous supporters have been served, furnish the best evidence that it has suffered no diminution, and that the quality of its staple articles have in no way been permitted to degenerate. If these considerations can be resolved into undeniable facts by that public which they have so long served, it will furnish for them sufficient encouragement to adopt as the future "code of arms" the insignia of their native State—"Excelsior!"—"Still higher!"

A CANADIAN REMEDY

For Constiveness, Irregularity and Derangement of the Digestive Organs, Inducing Headache, "astute, Nervousness, General Prostration of the Mind and Body, Paralysis, &c.

A moment's reflection ought to convince a sensible man of the folly and danger of constantly dosing with Cathartic Medicines. The practice is pernicious and suicidal. An experience of forty years of light and the constantly increasing evils of indigestion are fearfully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspeptics by their habitual mode of life. Drastic Cathartics increase the irritability, and prostrate the strength of the digestive organs.

The Pills now offered are especially designed to allay the irritability, and at the same time to invigorate and strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and invigorating that one is not reminded by any disagreeable effects that he has taken medicine. Business Men, Students, Invalids, Females, and all persons leading a confined or sedentary life, should try them.

The undersigned Physicians, cheerfully certify to the high professional value of Dr. Colby's Pills, as one of the oldest and best Physicians, and to the excellent qualities of his "Anti-Costive and Tonic Pills," which we have used in our practice, and highly approve.
